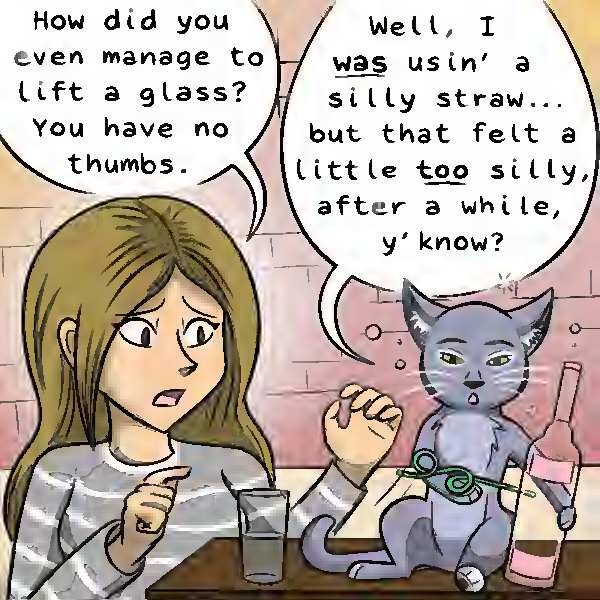
Felix, what are you——
...Is this straight vodka?
At this point, it's wh—
{hic!}
—whatever ya want it t'be, kiddo.

Listen... I'm almost 13 years old now, and I've done nothin' with my life.
I am an actual talkin' cat with human-level intelligence, and here I am poopin' inna box like some regular idiot.

If I'm gonna live life stupidly, I may as well be stupid, y'know?
So I'm drinkin' to forget most things, includin' the {hic! {Engresh langredge.
(See? It's already workin'.)



How did you even manage to lift a glass? You have no thumbs.
Well, I was usin' a silly straw... but that felt a little too silly, after a while, y'know?

Anyway, it's about time I Pooh-Bear'd the rest of the honey outta this pot like the dumb animal that I am.
Oh no, you don't! You've had enough!
